How Far I'll Go – Moana

(Verse)
```
C                                        Dm
I've been staring at the edge of the water
                    Am                       F
'Long as I can remember, never really knowing why
C                             Dm
I wish I could be the perfect daughter
                        Am
But I come back to the water
                    F
No matter how hard I try
        Am
Every turn I take, every trail I track
        G
Every path I make, every road leads back
        C
To the place I know, where I can not go
        Fm↓
Where I long to be
```

(Chorus)
```
        C                                    G
See the line where the sky meets the sea? It calls me
            Am              F
And no one knows, how far it goes
            C                               G
If the wind in my sail on the sea stays behind me
                Am          Fm↓
One day I'll know, if I go there's just no telling how far I'll go
```

C                              Dm
I know, everybody on this island
                        Am
Seems so happy on this island
                    F
Everything is by design
C                              Dm
I know, everybody on this island
                    Am
Has a role on this island
                    F
So maybe I can roll with mine
        Am
I can lead with pride, I can make us strong
        G
I'll be satisfied if I play along
